SoundBip

Instant affiliate commissions & point-of-sale — powered by the XRP Ledger

4s	**$0**	**0.5%**	**190+**

The Problem
Traditional affiliate platforms charge $50–150/month in subscriptions before merchants make a single sale. Affiliates wait 30–90 days to get paid. International payouts cost $25–50 per wire.

The Solution
SoundBip pays affiliates in RLUSD the moment a sale completes. **4 seconds.** Merchants pay nothing until they earn. Zero subscriptions, zero setup fees.
